

Code of Conduct

Do not forget that most of the activities of "**Barão de São João - Walk & Art Fest**" take place within the Forest Perimeter of Barão de São João.

This natural space serves as habitat for several species of fauna and flora, so it is up to each of us to adopt good environmental practices during the **3 days of the event**, so that the impact felt is as small as possible.

Remember

- a)** It is forbidden to disturb, harvest, capture, slaughter, or detain any animal or plant species subject to the protective measures listed in Annexes B-II and B-IV;
- b)** Any behaviour which may in any way cause destruction of the existing vegetation cover, whether shrub or herbaceous, should be avoided;
- c)** Fauna should be observed from a distance and preferably with binoculars;
- d)** No food should be left in the Barão de São João Forest Perimeter, nor provided to wild animals;
- e)** Each participant should limit as much as possible any disturbance to the surroundings and should minimise all actions that generate noise;
- f)** Motor vehicles are not allowed to circulate outside the paths provided for this purpose, nor are they allowed to park outside the existing car parks;
- g)** Each participant is responsible for the rubbish and waste they produce, so please dispose of it in the appropriate places.

If you want memories,
only take photographs.

Do not make
fire.

Respect the
local people.
